

CSR CHARTER

Galloo Plastics

a leading manufacturer of commodity plastics, recognises the importance of its social and environmental impact. This Corporate Social Responsibility (CSR) Charter sets out our commitments to sustainability, ethics and social responsibility. Galloo Plastics encourages its suppliers and partners to adopt, support and apply its values.

Respect of laws and regulations

1. Respects applicable laws and regulations.
2. Respects human rights.
3. Adheres to the values of the 1889 United Nations Convention on the Rights of the Child.

Respect of international embargoes and sanctions

Complies with national and international legislation and regulations concerning international sanctions, influence peddling, the fight against corruption, fraud and money laundering.

Commitment to employees

1. To promote an inclusive, respectful and fair working environment.
2. To encourage the professional and personal development of our employees.
3. To guarantee safe and healthy working conditions for its employees and promoting dignified working conditions that comply with local health and safety regulations.

Environmental commitments

1. To reduce our carbon footprint and promote energy efficiency.
2. To manage our waste responsibly and maximise recycling.
3. To manage water consumption by setting quantified targets.
4. To Promote the sustainable use of natural resources.

Anti-corruption

1. Galloo Plastics is committed to an anti-corruption policy.
2. Galloo Plastics fights against all forms of corruption and complies with the United Nations Convention against Corruption and all applicable laws.
3. Galloo Plastics condemns the solicitation and acceptance of bribes for advantages, whether directly or indirectly, from customers, suppliers or service providers, future candidates when recruiting, as well as unmentioned stakeholders.

Commitment to customers and partners

1. To offer high-quality products and services, in compliance with ethical standards.
2. To establish fair and transparent partnerships.
3. To encourage sustainable innovation in our activities.

Governance and transparency

1. To ensure transparent and accountable corporate governance.
2. To communicate honestly about our CSR actions and progress.
3. Regularly evaluate our CSR practices and our CSR policies to encourage continuous improvement.

Personal data protection

Galloo Plastics attaches great importance to respect for privacy. Regardless of the nature of the request, the personal information received is only used for strict follow-up of the request. Personal details are never passed on to third parties.
